Key references and sources of information for Integrated Pest Management (IPM) and pest identification

Setting up a programme of Integrated Pest Management (IPM) can be a daunting task. There are many sources of information to help devise and operate IPM. The following list of books, references and websites should serve as a useful starting point. More detailed information and further references on specific topics, such as attractant pheromones and control treatments, can be found in the books and conference proceedings.

Books

Pinniger, D.B. 2015. Integrated Pest Management in Cultural Heritage. Archetype Publications, London, UK.

Pinniger, D.B. and Lauder, D. 2018. Pests in Houses Great and Small. English Heritage, London, UK.

Strang, T. and Kigawa, R. 2009. Combatting Pests of Cultural Property. Canadian Conservation Institute Technical Bulletin 29, Ottawa, Canada.

Zycherman, L.A. and Schrock, J.R. (eds). 1988. *A Guide to Museum Pest Control*. Washington, DC: American Institute for Conservation of Historic and Artistic Works and the Association of Systematics

Conference Proceedings

Kingsley, H., Pinniger, D., Xavier-Rowe, A. and Winsor, P. (eds). 2001. *Integrated Pest Management for Collections. Proceedings of 2001: A Pest Odyssey*. London: James & James.
